IF PLANS CHANGE

- ✓ Cancel a participant and **80% of that participant's share of the deposit is refunded** — only 20% of their share is retained. A participant's share means the deposit paid on that participant's own line in your order, including any room supplement and any extras booked for them.
- ✓ If you have already paid more than the deposit, that participant's share of everything above the deposit is **refunded in full** — only the deposit is ever partly retained.
- ✓ Withdrawing your whole club follows the same rule: **80% of the deposit refunded**, 20% retained.
- ✓ **Free player substitutions at any time** — replace one player with another at no cost.
- ✓ Bookings become **non-refundable** only during the final two weeks before the tournament — inside that window the refunds above no longer apply, but **substitutions stay free**, so a club that can replace someone loses nothing.

✓ OUR GUARANTEE

If we cancel the tournament, you receive a **full refund of everything you have paid** — whatever the reason, including circumstances outside our control.

- ! **Insurance is not included.** The package does not include insurance of any kind — not medical, not travel, not theft or accident cover. Clubs, staff, parents and participants arrange their own. For players we strongly recommend a policy that specifically covers competitive sport, as many standard travel policies exclude it.
