TRAINING IN A QUALITY SPORTS COMPLEX

You decide how many training sessions you want to carry out. Up to two training sessions per day at our Olympic Sports complex or at Diagonal Complex are possible.

Both complexes are close to the beach and/or city center which allows to enjoy it after the training or complement your inside training with sessions on sand.

FRIENDLY MATCHES AGAINST SPANISH TEAMS

If desired, we also organize friendly games against local teams. Basketball is the second most popular sport in Spain and therefore local teams play on a very good level.

Up to five friendly matches in one week are possible. European Sport Events also organize official referees (one or two per game), restrooms and transport.
